Boateng Emmanuel Duah

0542649394 • emmanuelbduah@outlook.com • Broadcasting – Weija, Greater Accra, Ghana

PERSONAL DETAILS

Nationality: Ghanaian

Languages: English ,Twi

Marital Status: Single

Residence: Broadcasting – Weija, Greater Accra, Ghana

PROFESSIONAL OBJECTIVE

A goal-oriented, hardworking, and creative Full-Stack Software Developer and Computer Science undergraduate with experience building robust web applications, database architectures, and secure administrative dashboards. Aspires to leverage technical proficiency in software development, backend systems, microcredit operational management, and networking to deliver reliable solutions and drive operational excellence.

TECHNICAL SKILLS & COMPETENCIES

- **Full-Stack Web Development:** PHP (PDO, Prepared Statements), FastAPI (Python), JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Alpine.js, Bootstrap
- **Database Management & Architecture:** MySQL, PostgreSQL, SQLite, Schema Design, Database Migrations, phpMyAdmin
- **Development Environments & Tools:** XAMPP, Laragon, Visual Studio Code, Git
- **Networking & Systems:** CCNA, Network Monitoring, Infrastructure Troubleshooting, Router & Switch Configuration
- **Graphic & Design Management:** Adobe Photoshop (Artboards, PDF Presentation, Asset Downsampling), CorelDRAW

WORK EXPERIENCE

Loan Returns Officer and Cashier

Cyrus Micro Credit Limited | 2024 – Present

- **Cash Handling & Ledger Maintenance:** Oversee daily financial transactions, manage cash receipts/disbursements, and ensure accurate ledger entries for client deposits and loan repayments.
- **Loan Repayment Monitoring:** Track loan return schedules, monitor portfolio repayment progress, and maintain systematic follow-ups with borrowers to minimize defaults.
- **Documentation & Liability Agreements:** Prepare operational legal templates, third-party loan repayment liability agreements, and financial reports adhering to company standards.

Networking Associate

K-Net Ghana Limited | February 2023 – August 2023

- **Network Monitoring:** Monitored corporate network infrastructure for optimal performance, uptime, and security using enterprise monitoring tools.
- **Troubleshooting & Configuration:** Configured and diagnosed issues on routers, switches, firewalls, and access points alongside senior network engineers.
- **Cross-Functional Collaboration:** Collaborated with system administrators and IT support teams to maintain reliable network connectivity.

Facilitator

Lead Royal Home School Complex | October 2023 – February 2024

- **Student Facilitation:** Taught and supported learners while fostering a disciplined and positive learning environment.
- **Stakeholder Engagement:** Communicated progress updates and educational plans with parents and school leadership.

PROJECT HIGHLIGHTS & SOFTWARE ENGINEERING EXPERIENCE

- **Membership Registration & Immutable Audit Dashboard (Oct 2026):** Designed and developed a full-stack registration web tool with an administrative dashboard and immutable audit log using HTML, Tailwind CSS, Alpine.js, FastAPI, and SQLite.
- **Offline Point-of-Sale (POS) & Inventory System (Sep 2026):** Formulated project requirements, ERD database schemas, thermal receipt printing specifications, and maintenance scripts for a local PHP/MySQL offline POS application.

- **Audio Streaming Platform Architecture (Sep 2026):** Designed the MVP specification and JSON API endpoints for a music streaming service utilizing a PHP/PostgreSQL backend and React audio controls.
- **Passwordless Magic-Link Voting Portal (Aug 2026):** Built an online voting application using PHP and MySQL featuring email token authentication, bulk CSV voter import, and real-time candidate management.
- **OTP SMS Real-Time Voting System (Aug 2026):** Developed a multi-category voting application for Triple G Tech Hub featuring OTP SMS verification, single-vote locking, and live collation updates via Server-Sent Events (SSE).
- **Multi-Branch Microcredit Management System (Aug 2026):** Architected the database schema, branch workflows, and foundation layer for a multi-branch loan and microcredit portal using PHP and PostgreSQL.

EDUCATION

- **Higher National Diploma (HND) in Computer Science and Information Technology** Level 300 / Final Year
- **Introduction to Cybersecurity** (Jan 2026) Cisco Networking Academy
- **Computer Software Development Certificate** (2023)
  Ghana-India Kofi Annan Centre of Excellence in ICT (AITI-KACE)
- **Cisco Certified Network Associate (CCNA)** (2022) Cisco Networking Academy

CERTIFICATIONS & TRAINING

- **Cisco Certified Network Associate (CCNA)** – Cisco Networking Academy
- **Computer Software Development Certificate** – Ghana-India Kofi Annan Centre of Excellence in ICT (AITI-KACE)
